MEMORANDUM FOR: Special Assistant to the  
Deputy Director for Support

SUBJECT : Requirements for Utilization of Year-end Funds

1. The items listed in Section I of the attachment represent equipment and services for which good utilization can be made of year-end funds. These items are desirable items, none of which were programmed in FY-66 or FY-67 budgets because of previous instructions in the budget exercise to maintain an austere posture.

2. The items contained in Section II of the attachment are included in our FY-66 budget; however, we feel it is very desirable to utilize FY-65 available funds for the acquisition of packing and crating supplies. Budgeting for this type of material is normally based on past experience; however, the unforeseen special support requirements of projects, such as [REDACTED] and others, usually create an unanticipated demand. If we have the opportunity to avail ourselves of funds for these items at this time, it will provide further insurance for adequate provisioning in the next fiscal year.
